

I think
Snyder is a piece of work.
↓ emphasis, Snyder friendship with
Nelson Barker, who was Chief of SR6
When he asked Snyder to be spotter/
recruit at Harvard 1956/57 —
completely 'off the books' —
Barker named as close friend of Snyder
& HS from when each applied for CIA employment

GARY HILL talks about the Sat w/ry defense
there would more than one a pattern

MAY 1960 Oswald info
perme through SR9
South Operations Component
of SRD

Oswald's ability
in the Russian language
when did he learn & how (no time)
did he learn it - impossible
- John should talk to Walt
from about that.
Walt tried hard to
learn Russian & struggled.

the suspicious
Oswald "teaching himself Russian"
again, nowhere in the Oswald
time frame is this possible

"Special Interest
work to Snyder"

Also "Front loaded with info" on U.2
not years before for micro knowledge
from G - but about a year or so.

(confronted in PFAB paper)
& there's a story - SD warned but did
nothing about Mike

Oswald's 05351164 file
Margaret Steven denied
flat out that she saw anything
on Oswald - & did not recognize
her working on the ^{early} 05351164 docs
if looks like the file pertains to
O's file was Edna Mendoza
